ITALY'S FINEST BREAD

I imagine this to be a staple high quality bread company. I chose **Rotulo Variable** because it is short, thick, and simple which makes it look professional but inviting. I chose Atyp Kido because it is long and skinny but still has a lower center of gravity which contrasts yet compliments the previous font.

The logo for Astro World is displayed in a stylized, futuristic font. The word "ASTRO" is in a bold, blocky font with a yellow-to-orange gradient and a blue outline. The word "WORLD" is in a similar bold, blocky font with a blue-to-white gradient and a yellow outline. The letters are set against a black background.

Come down to **ASTRO WORLD** and let your imagination take you to infinity and beyond!

I imagine this to be a laser tag glow in the dark activity establishment. I chose **FURIA** because it's unique, bold and futuristic looking. I chose CCRegeneration because it is thin connected and matches the sharp yet rounded edges of the previous font.
